

What's the

ROI of MDM ?

RETURN ON INVESTMENT MOBILE DEVICE MANAGEMENT

See **75% less device downtime** and **70% fewer touches** during repairs when using the Abe360 platform.

Without MDM

With MDM

Provisioning, Deployment and Returns

Initial device provisioning:

25-40

Minutes

4-7

- ✗ Multiple touches
- ✗ Additional accessories
- ✗ User interaction

Provisioning with MDM provides:

9-12

Touches

1-2

- ✓ Faster deployment
- ✓ Remote setup
- ✓ Minimized touches

Support, Downtime and User Experience

Steps to receive support:

10-60

Minutes

4-7

- ✗ A call to the help desk
- ✗ Multiple user interactions
- ✗ Lengthy troubleshooting

Steps to receive support:

6-8

Touches

1-2

- ✓ Simply scan bar codes with built-in scripts
- ✓ Easily identify issues and resolution

New Software, Patch and Change Control

To update devices without MDM:

10-15

Minutes

1-5

- ✗ Every device must be touched
- ✗ Manual downloads of each app or service
- ✗ Manual systems or security updates

Push updates with MDM:

5-9

Touches

1

- ✓ Applications download in packages automatically
- ✓ No physical user interaction required
- ✓ Reports are provided for each device

Mobile Device Management adds value to your mobile devices and increases worker productivity.

We can help you set up all your devices with MDM so you can start seeing **time and cost savings** immediately.
